THE ARENA CLUB HOSTING SECOND ANNUAL KIDS FOR HOPE EVENT

The Arena Club in Bel Air, Maryland is hosting the second annual "Kids for Hope" event on September 13, 2014 — a one-mile obstacle course for kids to benefit Upper Chesapeake Health Foundation in support of The Patricia D. and M. Scot Kaufman Cancer Center

On September 13, 2014, hundreds of Harford County children and families will gather for the second annual Kids for Hope obstacle course, benefitting the Patricia D. and M. Scot Kaufman Cancer Center at Upper Chesapeake Health at the Arena Club in Bel Air.

Children ages 7-18 will be challenged to compete in a one-mile course featuring eighteen different obstacles set-up on the property of the Arena Club including a wall climb, mud pit, tire run, and more. Held for the first time in 2013, kids had fun while learning the importance of giving back to the local community. Through event registration, sponsorship, and donations, over \$11,000 was raised for the establishment of the Kaufman Cancer Center, for enhancement of cancer service lines at Upper Chesapeake Health, and for Cancer LifeNet, a free-of-charge supportive and navigation program offered to cancer patients and their loved ones in Harford and Cecil Counties.

The Arena Club continues their partnership with The Upper Chesapeake Health Foundation again for 2014, with an even bigger obstacle course. Last year's one-mile course began with a fitness challenge station followed by fourteen more obstacles including a cargo net, wall climb, sand pit, tire tunnel, pool dash, and the ultimate – mud pit crawl at the finish. This year's course will include all of the favorites from last year plus a few new surprises!

Also new this year is the ability to register as a fundraising team in addition to registering for the event. Kids can not only get competitive on the race course, but they can compete in team fundraising goals as well. Participation in the event requires a \$25 donation and includes a Kids for Hope t-shirt. The event will be held rain or shine at The Arena Club. Please visit www.thearenaclub.com for more information or to find links to register for the event.
